VANCOUVER CITY TOUR

Enjoy the sights and sounds of Canada's most beautiful city with an experienced local guide who will explain the history of Vancouver as you travel from Rainforest to world class shopping and dining.

Your tour begins in magnificent **Stanley Park**, an evergreen oasis close to the heart of Vancouver's downtown core. Over 1,000 acres in size, Stanley Park is the largest park within a city in North America (Central Park in New York is only 800 acres). Its natural west coast atmosphere offers a backdrop of majestic cedar, hemlock and fir trees. The tour will stop for photos at the popular Totem Poles and travel past the Nine O'clock Gun, Vancouver Rowing Club, The Royal Vancouver Yacht Club and Lions Gate Bridge.

Your coach will then wind its way past **English Bay** (the home of the New Years Day Polar Bear Swim!) and continue along fashionable **Robson Street**, through colourful **Chinatown** and historic **Gastown**, the birthplace of Vancouver.

FORESTS AND MOUNTAINS

– CAPILANO SUSPENSION BRIDGE & GROUSE MOUNTAIN TOUR

An experienced guide will accompany you on the short journey across the magnificent Lions Gate Bridge to Vancouver's North Shore and the world-famous **Capilano Suspension Bridge**. First constructed in 1889, and rebuilt several times over the last 100 years, the bridge today spans 450 feet across and is suspended 230 feet above the Capilano River. You will be greeted by a turn-of-the-century costumed guide who will give you a brief tour while outlining the park's history, involvement of local First Nations, and of course information on the Bridge. The bridge is not the only attraction; guests can also wander through the treetops on a series of smaller elevated suspension bridges, some reaching as high as 100 feet above the forest floor. There is also the Story Centre, Totem Park, carvers showcasing their craft, and shopping for gifts and souvenirs at the Trading Post.

Once the group has fully explored the Capilano Suspension Bridge and all its wonders, it is only a five minute transfer to the **Capilano Salmon Hatchery and Cleveland Dam Reservoir**. Cleveland Dam houses 33 percent of the City of Vancouver's water supply, regulating the flow of water over a spillway that offers a great view to those who choose to walk across the dam. The Capilano Salmon Hatchery rears and releases millions of Coho salmon and Steelhead fry. Interpretive displays teach about fishing and issues of watersheds and fish habitat in British Columbia.

After your visit to the Capilano Salmon Hatchery it is a short drive to the base of **Grouse Mountain**. We will take the Skyride (gondola cable car) to the top of the mountain, a 3,700 ft ascent! Once at the top, guests can view the "Theatre in the Sky" presentation with its high definition video projection system and then roam around the top of the mountain visiting the Refuge for Endangered Wildlife, the Lumberjack Show and the Birds in Motion Demonstration while taking in the forests and beautiful scenery. There will be ample time to enjoy the mountain and views over Vancouver, Burrard Inlet and the Strait of Georgia as the backdrop.

Optional Return: The coach will drop you at Lonsdale Quay Market where you can shop before taking the SeaBus (fare not included) across the harbour to downtown Vancouver.

CITY GARDENS TOUR

Vancouver and the surrounding area contain some spectacular gardens and this tour will take you to three of Vancouver's most fabulous gardens including the famous Queen Elizabeth Park, the second most visited park in Vancouver after Stanley Park.

We will begin the day at the **VanDusen Gardens**. This spectacular 22-hectare (55-acre) garden in the heart of Vancouver boasts over 255,000 plants from around the world. The plant collections represent ecosystems that range from tropical South Africa, to the Himalayas, to the Canadian Arctic, as well as plants native to our own Pacific Northwest. Since it's opening in 1975 the Gardens have matured into a botanical garden of international stature.

After wandering through VanDusen Gardens, we will continue on to the world famous **Queen Elizabeth Park**, which offers Vancouverites a diverse range of activities from sporting to horticultural. The seasonally changing and beautifully planted Quarry Gardens delight residents and visitors alike. The once massive excavation site is now home to lawns and an array of specimen trees and shrubs selected for their foliage, form and flower. A stream and cascading waterfall add cool comfort and variety to the landscape which is so artfully seamed together.

You will also have the opportunity to visit **Bloedel Conservatory**, located inside Queen Elizabeth Park which houses over 100 birds of various species, dazzling displays of exotic plants, tropical flowers, and colorful 'Koi' fish.

After your visit at Queen Elizabeth Park our final destination is another fabulous city garden, the **Dr. Sun Yat-Sen Gardens Classical Chinese Garden**. This garden is the first of its kind outside of China and is an authentic representation of an age-old garden tradition which reached its peak in the Ming Dynasty. The Garden is characteristic of the private spaces within a Ming scholar's residence. With its asymmetrical arrangement of rocks and plants, its winding paths and corridors, and the vistas that overlook its courtyards, the Garden emulates the rhythms of nature.

WESTCOAST WILDERNESS LODGE RETREAT

WESTCOAST WILDERNESS LODGE RETREAT

This three day, two night package is perfect for travelers looking to experience the laid-back relaxing atmosphere of British Columbia's Sunshine Coast. The excursion starts with a 40 minute flight over the Strait of Georgia and the Sunshine Coast to Egmont, a small waterfront fishing village on Secret Bay in Sechelt Inlet approximately 140 km north of Vancouver. Egmont is the trailhead for the Skookumchuck Provincial Park, home to one of Canada's largest salt water rapids.

During your retreat, experience the crisp salt air and breathtaking views of the Pacific Northwest at the Westcoast Wilderness Lodge. Deep in the wilderness yet so close to the city, the lodge resort brings you first-class adventure, comfortable accommodations and gourmet dining.

Set high up on a craggy granite bluff overlooking forests, inlets and islands, the elegant Inlets Restaurant has floor-to-ceiling windows that span the entire length of the hall. As you dine, you will see Cormorants, Great Blue Herons and the occasional Sea Lion sporting in the waters far below. Watch the currents switch direction as the tide changes with all the fury of the Skookumchuck Rapids.

During the day enjoy the sheltered calm waters around the Lodge, perfect for relaxed kayaking, or take a leisurely hike, or mountain bike, through a coastal rain forest filled with cedars and firs, sword ferns and salal, and a tiny lake with resident Loons. The trail leads to lookout points where you can watch the Skookumchuck Rapids, the fastest salt water rapids in North America.

For the more adventurous, experience marine & wildlife tours by zodiac — a safe, comfortable and exciting way to explore and learn about the ecology, history and geology of Canada's west coast.

As one of the most easily accessible wilderness resorts in British Columbia, West Coast Wilderness Lodge is the perfect place to experience all that the Sunshine Coast has to offer.

MAJESTIC WESTCOAST MOUNTAINS AND VALLEYS TOUR

Visit British Columbia's majestic mountains, rivers and rugged coastline during this three-day pre/post meeting tour.

You will travel via coach from Vancouver to **Whistler** along the breathtaking Sea to Sky Highway, which winds through the coastal rain forest at Horseshoe Bay, along the ocean's edge to **Shannon Falls** and Squamish, and through Garibaldi Provincial Park, until you reach the Resort Municipality of Whistler, venue of the 2010 Olympic and Paralympic Winter Games!

You will then settle into the small alpine valley that contains Whistler. This natural year-round playground offers a bounty of activities such as alpine sightseeing, mountain biking, hiking and shopping.

Or ride a gondola chair to the top of one of the mountains for breathtaking vistas of the surrounding area. Relax on an outside deck of a local pub or café and then visit the shops. Overnight you will stay at the Fairmont Chateau Whistler. Nestled at the base of Blackcomb Mountain, the **Fairmont Chateau Whistler** defines mountain luxury. Tastefully designed rooms with spectacular mountain or village views were created to blend with the natural alpine setting.

The next morning, the adventure will continue through the Pemberton Valley, traveling over the scenic Duffey Lake Road to the historic Goldrush town of **Lillooet**. The Duffey Lake/Cayoosh Creek Valley was historically used as a travel route between the Lillooet First Nations on Lillooet Lake and the Stl'alt'imx First Nation on the Fraser River. The area was important for hunting, trapping and gathering. The winding drive along Duffey Lake Road is rewarding with views of mountains, lakes, and wilderness.

Your next stop will be sure to impress — **Hell's Gate**, a mountain of rock that causes havoc in the Fraser River. After a gorgeous drive through Lytton, located where the green waters of the Thompson River meet the brown, silt laden rushing waters of the mighty Fraser River, we will arrive at **Boston Bar**, aptly named after the "Boston men" (American gold seekers). Here enjoy a tram ride over Hell's Gate and a traditional West Coast lunch buffet while watching the white water rafters manoeuvre their way around the mountain of rock.

From Boston Bar, you will travel through rugged terrain and tunnels and over bridges with the mighty Fraser River below on your way to **Harrison Hot Springs**. This quaint town is located at the southern end of spectacular glacier fed Harrison Lake in the lush green Fraser River Valley.

After a fulfilling day of sightseeing, relax and rejuvenate at the **Harrison Hot Springs Hotel and Spa**, soaking in the natural hot springs, enjoying the spa or wandering the nature trails before an evening of dancing to big band sounds over dinner.

On our final day, you will experience the mighty Fraser River first hand on a **Fraser River Safari Tour**. The adventure begins right outside your door in Harrison Hot Springs, where you will be welcomed on board Fraser River Safari's fully covered, all-weather safari craft, which has been custom designed to provide you with the utmost in comfort and safety. From here you will weave through the huge braided channels of the Fraser. As you journey you will learn how the river carved a rich legacy for the Province of British Columbia and hear stories from the past.

Your tour of the Fraser River will end in historic **Mission Harbour**, where the coach will be waiting for you. After hearing about the rich history of the Fraser River and the First Nation influence in this part of British Columbia you will have the opportunity to experience it. The next stop on day

three will be the **Xa:ytem Longhouse and Interpretive Centre**. When you arrive at Xa:ytem you will be treated to a gourmet boxed lunch, to recharge after your thrilling river safari. After lunch you will explore Xa:ytem with a guided tour. Guides will share the history and culture of the Sto:lo Nation People. You will learn about the importance of cedar and hear stories written in blankets of mountain goat hair, of an ancient house older than the Egyptian pyramids, of three Chiefs who were turned to stone, and of the people who have lived here for over five hundred generations.

After an exciting day exploring the Fraser River region we will wind our way back through the Fraser Valley on scenic Highway 7 to Vancouver.

VANCOUVER ISLAND EXPERIENCE

Visit British Columbia's favourite getaway — Vancouver Island — and experience the beauty of its gardens, the vastness of its landscape and the warmth of its people during this four-day pre/post meeting tour.

Travel by coach from Vancouver to Horseshoe Bay to board a British Columbia Ferry for the city of **Nanaimo** on Vancouver Island. The 90 minute ferry crossing feels like a "mini-cruise", complete with shopping, cafes, and hopefully whales and dolphins racing alongside. Back on the coach, you will head "up island" along the coastline to visit the quaint towns of **Parksville** and **Qualicum Beach**.

We will explore **Little Qualicum Falls**, where impressive waterfalls cascade down a rocky gorge in a beautiful forested setting bordered by steep mountain peaks in one of the most beautiful parks on central Vancouver Island. At Cathedral Grove we will stroll through a network of trails under the shadow of towering ancient Douglas-fir trees, majestic pillars untouched by the modern world — some more than 800 years old.

The evening will be spent in Parksville at the **Tigh-Na-Mara Seaside Spa Resort**, surrounded by 22 acres of forest, rich in Douglas fir and Arbutus trees, and bordered by three kilometres of sandy beaches. Enjoy the forest by the sea.

The next day, you will head "down island" to **Chemainus**. Chemainus is known world-wide for their city wide outdoor murals. Spend the afternoon exploring the galleries and shops in this artsy town. As it is now late afternoon, and since you are in the heart of vineyard country, it is only appropriate that a winery/cider house tour is next on the itinerary — the locals are pleased to welcome you and show off their wide selection of wines/ciders.

The final destination of Day Two is **Victoria**, the capital of British Columbia at the southern tip of the Island. We will reach Victoria by driving south over the spectacular Malahat Drive, with its commanding views of the surrounding countryside and ocean. Victoria is famous for its beautiful gardens, old English charm, and historic buildings. You will stay at the **Fairmont Empress Hotel**, rising regally on Victoria's spectacular Inner Harbour. With her turn-of-the-century beauty, the Fairmont Empress captures the grandeur and elegance of a bygone era, while her facilities and services meet the needs of today's traveler.

The next day will be spent at your leisure visiting the city, and enjoying all that Victoria has to offer — maybe a whale watching excursion, high tea at the Empress Hotel, some shopping along Government Street, visiting the Royal British Columbia Museum, or a long walk along the inner harbour and up through Beacon Hill.

On the last day of the tour you will visit the world-famous **Butchart Gardens**, fifty-five acres of wonderful floral display offering spectacular views as you stroll along its meandering paths and expansive lawns. A former quarry site, the gardens were opened to the public in 1915 and have been a Victoria landmark ever since. The Gardens were designated in 2004 as a National Historic Site of Canada. In the late afternoon your Island experience will draw to a close with a relaxing ferry ride back to Vancouver and the Vancouver Convention Centre.
